

By a decision in common pleas court late Thursday, Harry Swisher regained possession of his property which had been in the hands of Roland Swisher as trustee. The court ordered the trustee to reconvey to Harry Swisher at once all of Harry Swisher's property held by the trustee. Notice was given that the case would be taken to the court of appeals.

LA-MAY FACE POWDER IS HARMLESS TO THE MOST DELICATE SKIN

Now you can use a pure face powder—Lamay stays on so well this Lamay powder is guaranteed not to injure the most delicate baby skin. It will not cause enlarged pores, blackheads and irritations. And it really stays on better than any other face powder. It does not contain white lead or starch or rice powder (Poudre de Riz) or any other harmful substance. White lead poisons the skin and rice powder turns into a gluey paste that encourages enlarged pores, blackheads and rice powder pimples. The specialist who makes this improved powder uses a medicinal ingredient that doctors use to heal the skin. In fact, this new powder helps to prevent and reduce enlarged pores and pimples. It is also astringent, dis-
courage, flabbiness, crows' feet and wrinkles. Because it is pure and be-

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs. This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Hairlem Oil has been relieving the weakness and disability due to advancing years. It is a standard old time home remedy and needs no introduction. GOLD MEDAL Hairlem Oil is included in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a swallow of water. The oil stimulates the kidney

action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking GOLD MEDAL Hairlem Oil capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. PACKING COMPANY WILL OPEN SOON

Plant Formerly Operated
By Howell Provision
Company Will Provide
Local Market For Live
Stock.

The Independent Packing Company, which bought the Howell Provision plant a few months ago, expects to begin operation and to have a force of 50 men at work within a few months.

The new company which obtained the Howell property through purchase from W. C. Seward, administrator of the Jonathan Myers estate, has been capitalized at \$150,000 of which \$100,000 is common stock and \$50,000 7 percent, preferred stock. Practically all of the common stock and \$25,000 of preferred stock has been sold. The men in charge of the enterprise expect to increase the sale of preferred stock to \$30,000 within a few days and then soon be ready for active operation. The stock is issued in \$100 shares, dividends payable January and July.

The common stock of the company is held by Edward White, general manager of the Bowles Livestock Commission, company of Pittsburgh; Charles Schneider, superintendent of the Columbus Packing company; Christopher Kautz, merchant, of Columbus; C. D. Moore, salesman, of Zanesville; C. S. McKinney of Vannatta, Albert P. Riley of Vanatta, and former County Auditor C. L. Huley of Newark.

Charles Schneider, who will be the manager of the plant, will move from Columbus to Newark soon. The operation of the packing plant will provide a local market for livestock and employment for local labor. The company will seek a market for its product both in Newark and throughout the state of Ohio.

LIBRARY WEEK.

The Newark public library is in need of financial assistance and the following appeal has been submitted in behalf of the effort now being made to secure funds:

The never-to-be-forgotten fact that our boys went down to death to save our country and our democracy is certainly worthy of more than passing notice and temporary glory. A movement is on foot among the progressive men of our city to promote a plan by which a suitable site and location can be purchased and a memorial building erected in memory of those men from Licking county who made the supreme sacrifice. Such a building would house the public library, provide quarters for club women, a hall for community and civic programs and suitable working rooms for the promotion of a general city uplift. When the men so interested launch their program it should receive the undivided support of every person in Licking county. Our public library is an institution without which the best life of our city could not exist—it is the general clearing house for our young people; a genuine refuge for many, as one youngster said on being questioned as to his daily presence at the reading room: "Sure I come every day. If I stay home I never get a chance to read." It is the real home of many a child; a peaceful retreat where young ideas can blossom with assistance, instead of interference. The library trustees handle the money given by the city which barely pays the salaries of the librarian and her assistants. But it soon becomes necessary to have another group to look after the funds necessary for the upkeep and daily running of the library. So the library association was formed and today it constitutes the very backbone of that institution. Mrs. Harry Scott is president, Mrs. Chas. Spencer, secretary, and Mrs. Melissar, treasurer. The majority of women comprising this association are club women and they are assessed one dollar a year as members. Not only the dollar alone but many different kinds of entertainments, from teas to plays, have been given by different clubs as a means to buy books or help the public library. It is this association that has provided the cash for everyday expenses of the library and bought the new books which we find on its shelves. Today there is a crying need for books for the children's room and no money to buy them. Owing to the kindness of our newspapers we are able to put this problem before Newark people and to urge them to give what they can to their children during this torch-bearing of the night. Many schools are having candy or sandwich sales; others are selling paper and bottles, and the spirit of children is one we can all emulate. Do help them all you can; they are in real need of the torch-bearers of the night. It not becoming that the people of Newark have to be solicited to support an institution which requires no excuse for its existence, but the fact remains and some day such an undignified proceeding may not be necessary. But today it is absolutely necessary to raise funds for this cause and we cannot go on unless each person gives it her undivided and sincere help. The children of Newark are doing their part—what about you?

OHIO BRIEFS

Cambridge: City Solicitor W. H. Brown has been advised that his long friend, Albert Carls, former Guernsey county boy, was the last member in his battalion who lost his life in battle, having been killed October 21, 1918.

Zanesville: Miss Hazel Hart, this city, has been selected from a list of workers at Lake Division headquarters, Cleveland, for overseas work. Miss Hart will leave on April 1 for France, where she will become a canteen worker.

Coshocton: Coshocton county has been awarded \$60,000 federal aid to complete the paving of the road to Adams Mills. The work will likely be done this summer.

Mt. Vernon: Marshal Fairchild, aged 58, is seeking a divorce against Leona Fairchild, aged 50. The difference in the ages of the two parties is the cause of the domestic trouble.

Columbus: Arriving in Columbus from Detroit, Tuesday night, James Carter, 24, is said by police to have accumulated \$1,000 worth of clothing from high street stores before last night without the expenditure of any money. He was arrested at the Chit-trin hotel.

Columbus: Alice Haskins Miller, 36, died yesterday at Grant Hospital pneumonia, developing after the birth of a son, caused her death. Columbus: Influenza caused the death yesterday of Margaret Ann Maxwell, 37, this city.

INVENTION GOT GOOD TRYOUT

Exploit of an Elderly French Aviator, With Particular Hobby, Has Become Legendary.

Another French officer, recently promoted to a very high position in aviation, is a genuine character, a numero, as they say here. He recently spent many hours in perfecting a trick optical sight, guaranteed to down a Boche at any range, angle or speed. He adored his invention, which, he admitted, would probably end the war when fully perfected, and grew quite testy when his friends told him the thing was far too complicated for anything but laboratory use.

A last, though he had reached a non-flying rank and had not flown for months, he installed the optical wonder on a single-seater and went out over the lines to try it out. As luck would have it he fell in with a patrol of eight Albatrosses and the fight that followed has become legendary. Boche after Boche dove on him, riddling his plane with bullets, while the inventor, in a scientific ecstasy, peered this way and that through his sight, adjusting set screws and making hasty mental notes. By a miracle he was not brought down, and in the end a French patrol came to his rescue. He had not fired a shot!

At lunch the other day someone asked what sort of a chap this inventor was, and the answer was so exceedingly French that I will reproduce it word for word: "He detests women and dogs; he has a wife he adores and a dog he can't let out of his sight." A priceless characterization, I think, of a testy yet amiable old martinet—Charles Bernard Nordhoff in the Atlantic Monthly.

FEWER HEROES' NAMESAKES

One Popular Custom Seems to Have Virtually Ended With Cleveland's Administration.

Americans are abandoning the old custom of naming their children after the hero of the hour, according to the New York Sun. At the time of the Civil war and immediately thereafter thousands of children were named Abraham Lincoln.

This custom continued about thirty years after the war. The last American president to be honored in this way by any large number of persons was Grover Cleveland. The American army today is jammed with Grover Cleverlands, as boys born during the great democratic administration are just now of the finest fighting age. The slump began during McKinley's term and has continued ever since.

There are comparatively few William McKineys, and even Theodore Roosevelt, with all his immense popularity, gained but few namesakes. President Taft had only a small number of babies named after him. In time of war, such as has existed for the last two years, it would be imagined that the custom would revive, but there has been only a slight increase.

Out of 43,000 births recorded in Philadelphia in 1918 there were only 27 Woodrow Wilsons and only 7 John Pershings, according to the records of the bureau of vital statistics.

Any Duty, Mr. Hun?

The Boche customs officer—or rather the former Boche customs officer—at Metz probably will remember one of the final "declarations" he accepted. It was from the correspondent of a Paris paper, who reached Metz ahead of the French troops. The Germans still were in the town they had held since 1870, but in view of the armistice made no attempt to stop the correspondent from entering the city.

Writing to his paper of his experience the correspondent told how no one but the customs officer stopped him, and continued:

"The officer asked if I had anything to declare, to which I responded that what I had to declare was: "Vive la France!"

Cutting Down Work Hours.

Charles W. Runyon, clerk of the Martin circuit court, who attended the meeting of county clerks and who is said to be the youngest clerk in the state, has a daughter, Alice, just starting to school.

Alice was at a little desk Santa Claus had brought her. She had apparently been in a deep study for some time when she suddenly looked up and said:

"Mother, I have made a new resolution." "What resolution have you made, my dear," replied Mrs. Runyon. "Well, mother," said Alice, "I'm not going to work so hard next year as I did this."—Indianapolis News.

Birds Steal Rides.

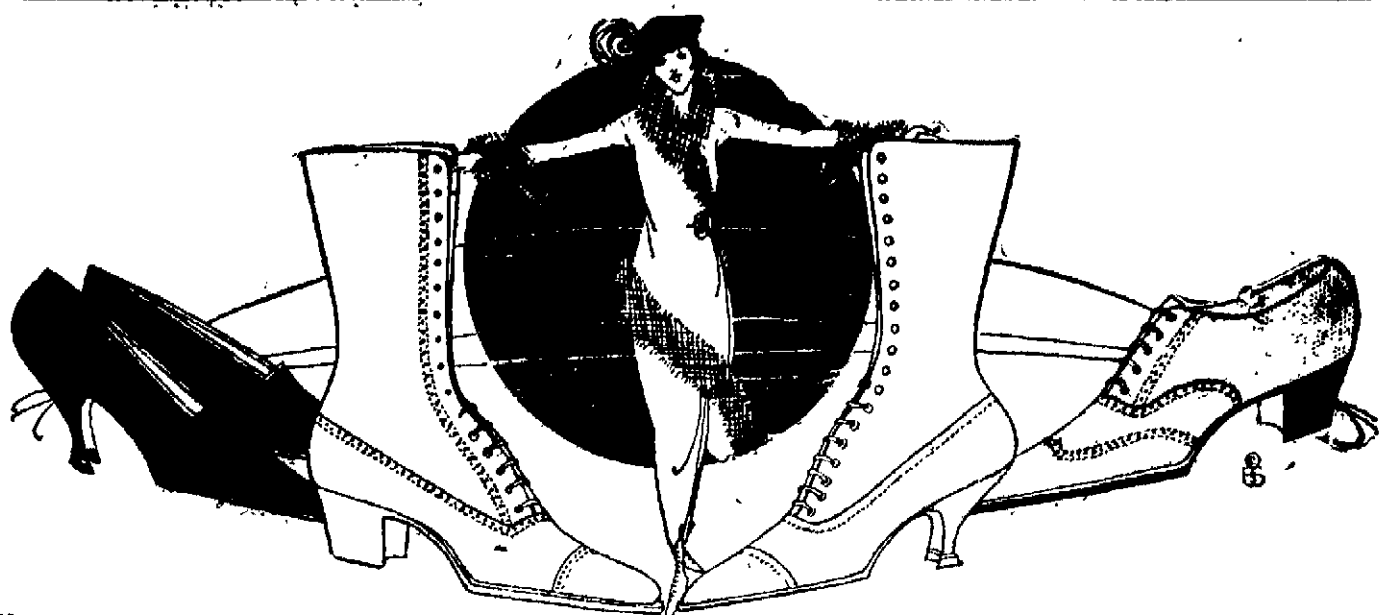

Birds are fast taking the place of hoboes on the brakebeams of trains, according to John E. Sexton, president of the Eureka-Nevada Railroad company of Palisade, Nev. Sexton says birds, especially sparrows and linnets, are extremely lazy this year, and instead of flying from the East to the West are riding the brakebeams.

Citing an instance, Sexton said that about 300 birds riding on a Southern Pacific train passing through Nevada from the east recently flew from their perches between the coaches when the train passed over a rough crossing.

Causes of Commercial Growth.

The chief causes of the growth of international commerce from less than \$2,000,000,000 in 1918 to approximately \$50,000,000,000 in 1918 are growth in population, cheapening in transportation and a division of labor among groups of men the world over.

"NO MORE SLEEPLESS NIGHTS," BATHES INTERNALLY

Mr. J. B. Burrows, 271 West North St., Decatur, Ill., writes Tyrrell's Hygienic Institute of New York as follows:

"I am still using the 'J. B. L. Cascade' once a week, and find it most efficient for keeping me in fine condition. It acts as a sedative for tired nerves and has been a great help for sleeplessness. I have frequently arisen from bed and used it in the middle of the night with satisfactory results."

The reason for this remarkable result is because the functions cannot work properly when there is accumulation of waste in the lower intestine. The "J. B. L. Cascade," by the simple process of properly applying warm water, eliminates all this waste and causes the functions to work smoothly and properly.

Over half a million intelligent Americans are now using the Cascade with similar results. It is the invention of Chas. A. Tyrrell, M. D., of New York, a noted specialist on internal bathing for 25 years.

It will be shown and explained to you by Hudson Avenue Pharmacy, 11 L. Williams, Prop., 322 Hudson Ave., Cor. Oak St., Newark, O., who will be glad to give you an interesting booklet by Dr. Tyrrell called "Why Man of To Day Is Only 50 per cent Efficient." This booklet is free upon request. BOLSHEVIST PROPAGANDA.

From all over the country comes reports of a systematic Bolshevist propaganda. The "exploited" wage earners are exhorted to be "slaves" no longer. They are told to seize by physical course the factories, farms, railroads, etc., and operate them for their own benefit. What would happen if they did this some fine morning?

Well, Russia, where prices have risen from 10 to 100 times since these wise heads took control, gives some idea of what the workingman would gain or lose.

It takes long business training, and peculiar and unusual gifts, to manage successfully any business of considerable size. Also it calls for a great deal of planning, concentrated mental effort, and anxiety. No man will undertake this heavy task unless some large incentive is offered to his ambition.

Bolshevism offers no inducement to anyone to perfect himself in the science of business management. It presupposes that the manager can expect no exceptional rewards. Or if he is given extra inducements, his appointment could be expected to be governed by political and personal favor, or other influences than that of efficiency.

There is no system in it for maintaining industrial discipline, without which no business can run economically. It would be human nature for everyone to loaf and blame other people for poor results. If an industry produced one-third what it does under present systematic business efficiency and management, it would be doing pretty well.

The consequence would be a decreased production of all commodities. All necessities of life would become terribly scarce and high, as they have in Russia. Thus Bolshevism is a proposition greatly to increase the cost of living. It would bring everybody down to a destitution never before known in civilized countries.

Some people say spring began March 1, others say that it begins when the sun crosses the line March 21, and still wiser people know it is whenever the boys play marbles on the sidewalks. Newark played marbles here on March 4 with the thermometer at 60.

The people who growl about their income taxes were probably safe at home with their families last year, while neighbors had boys in trenches, their lives dependent on a great army equipment.

Some one asks what has become of all the former star actors that used to tour the country giving Shakespearean plays? Well, last heard from they were applying for jobs as scene shifters for the musical comedy girl shows.

With their minds fixed on July first many city people have suddenly remembered that they have dear friends in the country who have apple orchards.

SUPPRESSING COMMERCIAL FRAUDS.

An association of wholesale dealers in groceries and food stuffs has been formed to check fraudulent bankruptcies. The wholesalers are the ones who first feel the loss. But they must reckon bad debts as a part of their expense, and charge prices to the public that will cover this item.

"If at first you don't succeed, fail, fail again!" is the way some one paraphrased an old adage. There is a certain class of business men who depend upon a bankruptcy now and then as a means of salting away capital. As soon as they acquire a cash surplus, they can buy Liberty or other bonds in coupon form, and lock these up in some safe deposit vault under an assumed name. It would be almost an impossibility to trace them.

To all appearance the merchant might be struggling along barely able to make ends meet. Finally he allows some importunate creditor to summon him to bankruptcy court. He makes a sorrowful apology, and passively permits all assets in sight to be divided up among the hungry creditors. He goes out from court apparently a baffled and beaten man. In reality he is secretly rejoicing over the legal release secured from all debts, and the solid reserve of standard securities on which he can build a fortune in some city where he is unknown.

The sentiment of the business community favors giving another chance to the man who has honestly tried and who settles down in his home town to make another effort. No doubt the great majority of bankrupts are perfectly honest men, victims of misfortune, or business inability. But the minority of parasites on the community should be more closely watched and kept track of. The community is taxed too high for their little game. The penalty for this kind of dishonesty is very heavy, and by more systematic organization it could largely be stopped.

GERMAN LENIENCY.

(Cleveland Plain Dealer.)
For months the German government has been the target of the fiercest attacks. The embattled disciples of anarchy were repeatedly worsted in blood, but government victory was followed by no adequate punishment of rebels and outlaws. Emboldened by the consistent timidity of the government the Reds have grown more and more vicious and cruel in their warfare. Violent massacres of prisoners and tortures of many of their victims marked the latest Spartacist outbreak.

At last Ebert and Noske have adopted a sterner policy. It is retaliation for the unspeakable cruelties of the Spartacists. The government military authorities have ordered many executions, and there is also manifested a disposition to let the soldiers deal as they see fit with the Reds who fall into their hands. Such results are likely to give Berlin peace for some time to come. They must be far more effective than leniency and moral suasion.

The Paris Commune of 1871 was an early manifestation of the spirit of bolshevism. After the terrible cruelties perpetrated by the communards the French republican troops gave no quarter to the Paris Reds. They were killed on sight. Very few prisoners were taken till the fighting was practically over.

But the Germans, the Huns, the race that practiced every conceivable cruelty against its foreign enemies, was merciful and forgiving in its dealings with its own most desperate and despicable domestic foes. The Spartacists are but the local German manifestation of the spirit of international bolshevism that seeks to destroy all nations and to subvert the social order. But, inasmuch as they are Germans, the German majority has found it difficult to treat them even with a small measure of severity. The German, who delighted to bayonet Belgium babies but who can scarcely bring himself to shoot a red-handed Heuton bolshevist, is indeed a strange contradiction. The race that was most needlessly and wantonly brutal in foreign war has been needlessly and senselessly lenient in dealing with the murderous enemy at home.

But now, apparently, the old spirit has come to the top again. The Reds have gone too far, and henceforth they can expect no mercy. There is, of course, a suspicion that the Reds were panicked or even protected by the government in order that the German bolshevist menace might impress the allies. But this design cannot now restrain the majority Germans from dealing with the outthroats and anarchists according to their desserts. If it has been a game, it is played out. If it has been no more than weakness there is a new German spirit at Berlin which should be of great aid in German rehabilitation.

FIGHTING TUBERCULOSIS.

(Ohio State Journal.)
A new story in the State Journal says that tuberculosis in Ohio is showing a marked increase, instead of a gradual decline, as in former recent years. Nearly 1500 Ohioans died from tuberculosis in 1912—75 more than in 1910. The 1913 figures are not available.

This unpleasant state of affairs is said to be due to the fact that a great portion of Ohio is without facilities for fighting the disease. The state department of health recommends that in every county not now supplied with such an institution there be provided a dispensary where incipient cases can be cared for and where educational activities can be put forth which will aid in prevention.

By all means we should attempt to stem the tide of this disease. We spend millions of dollars of public money annually for this and that, much of it worse than wasted. Without calling a halt on other important projects, and believe more attention should be paid to fighting disease than heretofore has been paid and that the state should quit wasting money on a lot of local projects and spend more on prevention of tuberculosis.

THE ADVOCATE'S TALKING POT

Men of age object too much, consult too long, adventure too little, repent too soon, and seldom drive business home to the full period, but content themselves with a mediocrity of success.—Francis Bacon.

Intemperance.
Hard drinkers we all scorn, great Scott!
We've no good word for them;
But I can't see why we do not
Hard eaters, too, condemn.

One Savory Breast That Music Could Not Soothe.

Aunt Caline says:—Obie Still has got a vurry musical family an' 'tother nite several of us was over there an' the Rev. Talker says, "Can't we hev some music?" he says, "Now there's Tom," he says, "he's a cornetist, an' these too girls is pianists, and Willie's a violinist." So the Rev. Talker, resummin' says, "I understand your wife is a vocalist," he says, "Now, Mr. Still, with all this talent in the family, you must hev some, two," he says, "What air you?" says he, "An' Obie he answers offie bitter, 'I'm a pessimist,'" he says.

A Ray of Hope.
The suffragists of the East now threaten to put the quietus on the diaphanous skirt. It seems that every time we get right to the point of surrendering a time-honored prejudice and joining that party they go right ahead and do something to make us mad.

RIGHT OF FREE SPEECH UPHELD.

(Pittsburgh Gazette-Times.)
Every lover of America will be glad that the United States supreme court has sustained the conviction of Eugene V. Debs for violation of the espionage act. And that without a trace of public vindictiveness.

Debs made his defense in the lower court and founded his appeal to the supreme court on the first article of the bill of rights, in the first amendment to the constitution, which provides that "congress shall make no law . . . abridging the freedom of speech, or the right of the people peaceably to assemble, and to petition the government for a redress of grievances." It will be a sad day for America when those rights are struck down; it will be an equally sad day for the country on which any person can successfully invoke the first amendment to support violation of the law or unlawful opposition to the government. Debs took the wrong course with respect to a law duly passed by congress for the protection of the country. He transgressed the law, did the very things which the law denounced as an offense against the government. He did it as an enemy of the government of the United States. It is just that he should suffer for his crimes.

While the bill was pending in congress it was Debs' right to raise his voice in protest against its provision; when it had been enacted he had no right to violate it, no matter what his conception of its justice or injustice. Either before or after it was passed he and his kind had the right "peaceably to assemble, and to petition the government for the redress of grievances." They chose not to exercise their constitutional rights, but to violate the law and to counsel others to violate it. The safety of society would vanish if that were countenanced, our republic would disintegrate were such conduct to go unrebuked and unpunished.

The right of free speech is upheld; the right of society to defend itself is vindicated.

Overland

"For Him"

The pride of Overland owners is the result of Overland performance. Owners tell their friends of their satisfaction in driving it and thus the car's reputation grows. For ten years this public appreciation has been our sole aim. Today the Overland Motor Car reflects the best of our great engineering experience and production facilities. The sales of the Model 90 shown here now number more than one hundred and fifteen thousand cars and are constantly increasing.

WILL AID SOLDIERS TO GET \$60 BONUS

Application blanks by which discharged soldiers can make application for the \$60 bonus paid to discharged men by the government, can be secured at the office of the home service section of the Red Cross, ninth floor of the Trust building. This is a part of the work which this branch of the Red Cross is undertaking. The section also is securing allotments for dependents of men in the service, for those whose allotments or allowances are not coming regularly.

This organization, in short, is at the service of men in the army or navy, or their families who need advice and help while the men are away. The office is open every afternoon, but closes early on Saturday. Information and application blanks can be secured by calling the office on the telephone, Auto. 1406.

TOLEDO ARRANGES FOR SECOND RACE MEETING

Toledo, March 13.—There are seven early closing events on the program by the Toledo Driving club for its second Grand Circuit meeting, July 21 to 23. All of them will be reaching on the three best plan except the two and three year old events, which will be mile heats, best two in three. Four of the events have \$3,000 purses attached. The classes selected for them being 2,36, 2,09 and 2,14 trot and 2,06 pace. While \$7,000 has been set aside for a 2:12 pace.

LONDOS IS WINNER IN YOUNGSTOWN BOUT

Youngstown, March 12.—Jim Londos, of Chicago, defeated Malczewski here in a wrestling match last night. Malczewski is from Utica, N. Y. Londos got the fall after one hour and 38 minutes of strenuous wrestling. He won with an arm, scissor and wrist-hold.

TOLEDO BOWLERS SET MARK FOR OUT OF TOWN EXPERTS

(ASSOCIATED PRESS TELEGRAM)

Toledo, March 13.—Out of town bowlers who came here today to take part in the American Bowling congress, less competition will have new high marks to contend with. Toledo's professionals yesterday rung up a mark of 1225 in the two men event and a Toledoan set the pace in the individuals with 683.

The Waldorf hotel five, one of the better bowling aggregations of Toledo is leading the teams with a total score of 2823.

Several shakeups occurred yesterday in all divisions although two teams from Chicago, two from Grand Rapids, one from Cincinnati and one from Ligonier, Ind., failed to dislodge the leader in the five men event.

The George Goldes of Cincinnati was the only visiting team last night to get in the table of the first ten.

Visiting fives have exclusive use of the armory alleys tonight for the first time since the tournament started. On the first squad there are five from Cleveland, three from Detroit, one each from Cincinnati, Marion and Peoria, two from Mansfield, two from Sandusky and one from Wyandotte, Mich.

Cleveland, Detroit, Pontiac, Newark, N. J., Ellyria, O., Wyandotte, Sandusky, Grand Rapids, Columbus and Akron fives are scheduled on the late shift.

The alleys will be occupied this afternoon by pairs from Grand Rapids, Cincinnati, Chicago, Ligonier, Ind., and Toledo. Bowling will start at 2 o'clock.

CREAMERY PLANT HEADS AT MEETING

Licking Creamery Company Arranges Program For Representatives from Five Branches.

Representatives of seven plants of the Licking Creamery company are in the city today attending the fifth general meeting of the company.

Employees from the plants at Mt. Vernon, Fredericktown, Alexandria, Bellville, Lexington, Croton and Rector, are in the city and sessions are being held at the Masonic temple.

This afternoon, G. G. Barber of the Wehrle company, delivered an address and this evening Major C. W. Montgomery has been invited to give a talk. At 5:30 o'clock this evening a banquet of delightful appointments will be served and it is expected that about 150 employees will be in attendance.

THE MARKETS

Cleveland Produce. Cleveland, March 13.—Eggs: strictly fresh, 39 1/2¢40¢.
Poultry: live fowls, 33¢36¢.

Wall Street. New York, March 13.—Bullish activity in recent speculative favorites was promptly resumed at the opening of today's stock market, while standard shares were relegated to the background. Texas company and Industrial Alcohol, which featured yesterday's market, were again in demand, the former in the first half hour adding six points to yesterday's eleven points advance, while alcohol supplemented yesterday's substantial gain with another five points. Moderate advances were recorded by the more prominent motors, equipments and affiliated issues, but changes otherwise suggested further profit-taking.

Additional gains were made by oil, motor, distilling, leather and fertilizers during the morning, shippings also hardening, but the advance was occasionally halted by offerings of rails, steels and coppers. The annual report of the Republic Iron and Steel company and further indications of uncertainty in the metal industry accounted for the irregularity of those issues. The only material change among rails was a two point decline in St. Paul. At noon industrial alcohol, equipment and various specialties led another spirited advance.

Please, Mother! It's Nasty!
Give Me a Candy Cascaret!

TO MOTHERS! Instead of the dreaded dose of castor oil, drops, calomel or pills, give your children Cascarets and save money, worry and trouble. Children love Cascarets because they taste like candy. Nothing else acts so gently but surely on the child's little stomach, liver and bowels.

When one of the kiddies has a white tongue, tainted breath, sour stomach or a cold; when cross, bilious, feverish, constipated, remember, a Cascaret to quickly "work" away the nasty bile, sour fermentations and poisons should always be the first treatment given. Cascarets never gripe the tender bowels, never injure, and never disappoint the worried mother. Each 10 cent box of Cascarets contain directions for children's dose from one year old and upwards. Also for adults.

Public Opinion

- "OAK Flooring in a home is the ideal floor when taste and refinement is considered."—The Woman's World Magazine.
- "APPEARANCE is what counts. Oak Flooring with its rich and dignified colors stands without a peer."—Delineator Magazine.
- "KNOWLEDGE of woods is important. Oak Flooring is strong, durable and artistic. The home is hardly complete without Oak Flooring."—Ladies' Home Journal.
- "FLOORING of Oak tones up a home. Its texture and color make it most desirable for homes and apartment houses."—Homes and Gardens Magazine.
- "LASTING satisfaction is assured when Oak Flooring is used. It is the floor of quality."—Keith's Magazine.
- "OAK Flooring in a home bespeaks good judgment."—Beautiful Homes Magazine.
- "OAK has always been taken as an example of beauty, strength and endurance."—National Builder Magazine.
- "RUGS and Oak Floors are considered the most suitable for all classes of houses where people dwell."—American Builder Magazine.
- "SERVICE and satisfaction go hand in hand with Oak Floors."—The Craftsman Magazine.

Now is the time—before spring house cleaning—to put down that oak floor, thereby giving to your home that touch of elegance that nothing else, of like cost can do. We are headquarters for oak flooring and have it in all grades and thicknesses.

Brown Your Hair With "Brownatone"

Give the Natural Beauty of Your Face a Chance.

SEND FOR TRIAL PACKAGE. Every woman knows that a pretty face loses its beauty when framed by faded, gray, streaked or bleached hair. Even wrinkles and blemishes are not so disfiguring as streaked or faded hair. It is unfair to your children and husband, and most of all to yourself, to look older than you really are.

"It's So Easy Now to Have Beautiful Hair!" "Brownatone" will tint your streaked, faded or bleached hair to any shade of rich, soft brown, or glossy black if preferred, and take ten years off your looks. "Brownatone" cannot be detected, will not rub or wash off, is odorless, and greaseless.

Absolutely Harmless. This safe and harmless preparation is used and endorsed by thousands of women in business and in society. Apply it yourself with comb or brush. The results will delight you. Guaranteed safe and free from lead, sulphur, silver, mercury, zinc, aniline, or coal tar products. Used for switches same as for growing hair. Two colors: "Dark Brown to Black," "Dark Brown to Black." Two sizes, 35c and \$1.15, at all leading druggists. Get the genuine.

Trial Package Free. If you write at once. Mail the coupon with 10c to pay postage and packing, and we will send you a trial package of "Brownatone," with valuable booklet on the care of the hair. Mention shade desired when writing or purchasing. This Free Trial bottle not to be had at dealers, but only by mail from us.

Mail This Coupon Now. The Kordon Pharmaceutical Co., 460 Copple Bldg., Covington, Ky. Enclosed find 10 cents (to cover postage and packing) for Trial Package of "Brownatone." Light to Medium Brown or Dark Brown to Black. Mark with X shade wanted and mail with your full name and address.

Milady's Boudoir

Reducing the Waist Line.

To reduce the waist one must exercise. You confine the flesh by wearing tight stays, but the figure loses its symmetry unless you are willing to exercise and work away the superfluous flesh. The waist line may be reduced several inches by exercising with a chair.

Wear loose, comfortable clothing and sit astride a chair facing the back. Grasp the back of the chair firmly with both hands and then without moving, twist the body to the right just as far as you can, and then repeat the movement to the left. You will find this exercise will pull all the muscles and cords about the waist and abdomen which are seldom exercised on account of being encased in stays. Continue this exercise until you feel exhausted.

Another exercise that will help to reduce the size of the waist is to stand on one foot and, raising the other by bending the knee, try to draw that knee up to the chest by clasping it with both hands. If you can do this easily, be assured that you have a symmetrical figure, but if it is an effort, struggle valiantly to accomplish it and be rewarded by an improvement in your lines.

A third movement is excellent, not only to reduce the waist, but to improve the contour of the entire body. Lie flat on your back, straighten the right knee and raise the foot as high toward the head as the muscles may be made to stretch. Alternate with the other foot until the muscles become tired. At first the muscles will not possess much elasticity and you will not be able to raise your foot very high, but before many days you will notice that each day you can raise it higher.

Helps for a Dry Skin.

I would advise every woman who is afflicted with a dry skin to soften the water with which she bathes her face, neck and arms with a handful of bran or oatmeal. Tie it in a piece of cheesecloth and allow it to soak in the water a minute or two. Besides softening the water the bran or oatmeal will whiten the skin and make it soft.

If the skin of your cheeks and chin become rough, dry or chapped there is nothing better to correct this condition than a lotion containing the following ingredients: Thirty drops of tincture of benzoin, 2 ounces of glycerine, 3 ounces of rosewater, and 40 drops of carbolic acid. Shake the mixture well and apply it to the skin night and morning with a piece of soft linen cloth.

Frequently the tender skin covering the lips becomes dry when the other part of the face are not affected. The following is a splendid cream to use for this: Three and a half ounces of white petrolatum, 3/4 of an ounce of paraffine, 1 ounce of lanolin, and ounce and a half of water, 3 drops of oil of rose, and 1/2 a dram of alcohol. Melt the paraffine, add the petrolatum and lanolin and stir constantly, beating in the water as you stir. Add the oil and alcohol when nearly cold.

Sometimes this dryness of the skin is caused because a sufficient amount of water is not taken into the system. To keep the skin moist, you should drink at least three pints of water during the 24 hours. Take a glass of hot water before breakfast, a glass of cold water—never ice water—half an hour before each meal, and one or two half an hour apart before retiring. Don't gulp the water down. Drink it very slowly or sip it if you have time. Two glasses of water should never be taken into the stomach at once. At least 20 minutes should elapse before the second glass is taken.

It is always necessary to watch the skin closely during this month and even into the next month. March winds play havoc with a woman's skin. Keep it well nourished, soft and pliable, otherwise you will be troubled with wrinkles.

Our Boys and Girls

Children like to make candy and home-made candy is much better for them than the candy that they buy with the often given penny. Let the children make candy once a week if possible, and invite in their little friends to help them. Teach them to clean up afterwards and to use care and thrift in the making.

Peanut butter fudge is simply made and tastes good. Boil two cups of sugar with a half a cup of milk, a little salt and four teaspoons of peanut butter until it threads when dropped in water. Grease a pan and turn in and when cool cut in squares.

Chocolate fudge is made with two and a half cups of sugar, half a cup of milk, two tablespoons of cocoa, two tablespoons of butter, a level teaspoon of cornstarch and a little salt. Boil until it forms a soft ball when dropped in water. Remove from the fire and add two teaspoons of vanilla and beat until creamy.

Chocolate caramels are not hard to make and are much nicer than the ones you buy. Boil a cup of molasses, two cups of white sugar, a tablespoon of butter, a quarter of a pound of good chocolate and a little salt. Boil until it makes a little harder ball than fudge. Pour into buttered pans and mark in squares when slightly cool.

The diet for a child from 3 to 6 years should be as follows: For breakfast an apple pared and sliced, an orange or the juice of an orange, stewed pears or peaches or stewed prunes. Cereal, such as oatmeal, hominy, rice, or wheat preparations, well-cooked, salted a very little, and with thin cream and sugar.

The hearty meal should be in the middle of the day and should consist of a beef, chicken, or lamb soup, toast, or bread, never hot bread, and a simple dessert, such as a baked custard, a light jelly, or rice pudding. If milk is liked it should be given as often as the child will drink it.

For the last meal of the day give something light. Sometimes it seems wise to give a soft-boiled egg or an egg beaten up with milk, but the lighter the supper the better the child will sleep. A cup of hot cocoa, a glass of warm milk, or a piece of toast with the hot milk poured over this is good. Add a small piece of butter and a little salt. See that it is soft and that the toast is well-browned. Graham crackers, a cream of celery soup or even a split pea soup are all good. A child at six could be given a little meat at the noon meal, such as chicken, beef or lamb, but never pork or veal.

Every Day Etiquette

"When dining with a friend at the latter's home, who should be the first to arise from the table, the guest or the hostess?" inquired Gladys.

"The guest should always wait until the hostess rises and then should follow her example at once," answered her mother.

\$25

Unquestionably Newark's Greatest Suit Values at \$25

"HOW" and "WHY" these are the two questions you'd probably like to ask us—"How" can we procure \$30 and \$35 suits at the very outset of the season to sell at \$25—and "Why" do we sell them at \$25 when we could easily command \$30 or \$35. They're natural queries—and easily answered. If we operated this business upon the same plan as the usual store we'd "Go Broke" selling such garments as these for \$25.00—we would be losing money. The sum and substance of our greater value-giving ability—the "secret" of the sale is simply that—

GIRLS! BEAUTIFY YOUR HAIR AND STOP DANDRUFF
Hair becomes charming, wavy, lustrous and thick in few moments.
Every bit of dandruff disappears and hair stops coming Out.
For a few cents you can save your hair. In less than ten minutes you can double its beauty. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and charming as a young girl's after applying some Danderine. Also try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a small bottle of Knowltons Danderine from any drug store or toilet counter and just try it. (Adv.)

If you build your yard fence of Red Cedar lumber, posts, rail and pickets, you will have a fence that outlasts every other material. P. Smith & Sons Lumber Co. 3-12-2t

GRANVILLE
(Special to The Advocate)
Granville, March 13.—The second meeting of the community federation of women was held Wednesday afternoon and the work of perfecting the organization proceeded. The president, Mrs. M. E. Stuckey occupied the chair and Mrs. Fred McCollum took the place as permanent secretary. The name and the object—"promotion of ideal conditions in Granville" were adopted, but an unexpected obstruction to the membership clause, developed into a deadlock which the president declined to decide. Another meeting will be held on Wednesday, March 27, when it is hoped, all the recommendations of the executive board may be carried out.

A meeting of the Granville library board was held Wednesday evening in the reading room to discuss ways and means of improving conditions at this popular institution.

The long deferred vespers recital of the Women's Music Club, will be given Sunday afternoon in the Baptist church at 3 o'clock. A splendid program has been arranged.

Mrs. Charles Lucas of Louisville, Ky., and Mrs. Edwards of Des Moines, Iowa, are honor guests at dinner this evening at the home of Mrs. Edwards' parents. Covers will be laid for twelve.

The Red Cross is calling for old clothes—and beginning with March 24th the local headquarters will be open each day for a week.

Mr. and Mrs. J. D. Grissinger have as house guest their mother Mrs. M. J. Hart, and their sister Mrs. Frank Spellman of Medina, Ohio—who will remain several weeks.

Mrs. Charles Lucas, who with her daughter Margaret, has spent the winter in Vaco, Texas, near Camp Arthur, returned to Granville Monday for a visit at Manomoy Place. Major Lucas was sent to Camp Zachary Taylor at Louisville, Ky., his home town to be discharged and is expected soon to arrive in Granville.

At the regular meeting of the Denison Scientific association held in the Physics lecture room on the hill, Tuesday evening at 7 o'clock, Prof. Theodore Johnson gave an illuminating talk on "Housing Developments for War Industries," which presented first-hand knowledge of the subject gained during the past summer when he was connected with the "Engineering Branch of the Housing Department of the Emergency Fleet." "One of the big jobs," he said, "that the government took into its hands when Uncle Sam started out to build an emergency fleet, was to provide housing for the men working in the ship yards. This meant creating outright and from the ground up wholly new communities, a task which included the providing of recreational opportunities, such as club houses; the projecting of sewer systems, water works, etc. for heating and sanitary reasons; and the constructing of houses numbering as many as five hundred in a single community; the building of street railways, the installing of gas or electricity, and providing utilities generally." It was with the house construction phase of this work that Prof. Johnson was connected, and his jurisdiction covered two communities at Baltimore, the two at Newport News, and the group at Philadelphia. Something of the size of the project is indicated by the fact that for establishing the two communities at Baltimore, the government appropriated \$6,500,000.

Mrs. Sarah Myers will entertain the W. C. T. U. Friday afternoon, March 14, at 2:00 o'clock at her home in West College street. Mrs. J. V. Wood will lead the program, with "Literature" as the topic. All are invited.

There will be a regular meeting at Center Star Lodge, No. 11, F. and A. M., with inspection, Thursday evening, March 13, preceded by a dinner in the club rooms at 6:30.

The Granville Chapter of War Mothers has been divided into twelve sections for the purpose of conducting a greater efficiency in carrying on its work. Next Saturday afternoon the first section will hold a market in the rooms over Ackley's old drug store. Home cooked and baked supplies of all kinds will be offered. If any outside the organization, who are "boys and girls" care to contribute "a bit" to the sale, such favors will be gratefully accepted. The mothers must make expenses, and they plan to do definite work besides.

Lieutenant Harold Scott, son of Rev. J. H. Scott, D. D., and a brother of Mrs. Ford, returned from service in the French army, addressed faculty and students in chapel, Tuesday morning. His uniform of French blue, supplies a picturesque bit of color amidst the khaki and civilian garb of the Denison boys.

The Portly presented one of its most interesting programs Tuesday evening at the home of Mrs. Fred McCollum in East Elm street. Mrs. J. D. Thompson read a paper on "The Department of War," with emphasis on the Council of National Defense, what it had planned and what accomplished. Mrs. E. H. Abbott read a carefully constructed article on "The Balkans in War" revealed many phases of their cruelty and ferocity, especially toward Serbia. Mrs. E. P. Johnston in "Current Events" presented many timely topics for consideration.

Word comes to Granville friends from Mrs. Margaret Chaffee Mosely, whose residence is 1115 Jefferson avenue, Kalamazoo, Mich., and who seems to be an active member of society as regent of the local chapter of the D. A. R., &c. Two of her brothers, well known in Granville, Arthur and Harold Chaffee, members of Beta Theta Pi, are now located in New York.

News has been received in Granville of the death in Cleveland last week of Wilfred White, son of Mr. and Mrs. Sherman White of Bucyrus, a former Denison student, and member of Phi Gamma Delta fraternity. Death was due to an attack of influenza.

Mr. White was a grandson of the late Mr. and Mrs. John Larimore of Granville. The meeting of the Three M's and A. which was to have met at the home of Miss Little Jones next Thursday afternoon has been postponed. The afternoon of Thursday, March 26th.

FROM THE MUDDY FIELDS OF FRANCE

To the Glorious Green Hillside of America, there is not a returning soldier who does not want to shed his "Doughboy Kicks" for the real snappy footwear that he can get at home.

As one of the boys put it in the other day: "The new shoes seem like featherweights compared to the ten pound mud-clingers that I have been used to."

This store is making a special effort to give every returning soldier the best footwear at the most moderate price and with it the sort of service in foot-fitting, the returning soldier so well deserves. He can appreciate the spring-time while it lasts. If his feet are properly and economically covered.

A CARD TO ALL CONCERNED
Among the many friends and patrons who have shown material interest in my welfare in the many past years, and in my late retiring sale, it is with great pleasure I announce herewith my heartfelt thanks for the ardent support and confidence shown, especially in this last sale. While I have benefited thousands of customers, who have shown us their appreciation and continue to do so, during my stay in business, I appreciate the fact that the benefit I derived from their support is very gratifying toward accomplishing my aim.

For the benefit of those who wish to see me out of business quicker than I can accomplish it, I offer here a great opportunity for a first class business man who has money laying idle and wishes to extend his trade and enlarge the volume of business, to buy a first class stock of merchandise for less than he can buy Spring and Fall merchandise, and superior in quality, and at a much less price than the present market rate. This would help us out of business quick and our competition would cease. Come and see us. We will treat you right and square.

In the meantime we will continue our cut price sale for the benefit of the buying public.

Respectfully submitted,
L. HIRSHBERG;

SHARP REDUCTIONS IN YOUR SHOE BILLS
"A constant 'hiker' over all conditions of roads, my shoes were hard on my feet until I discovered Neolin Soles. And as for wear! Neolin Soles give twice the service of soles I formerly used," writes H. Noyes Collinson, Hazelton, Pa.

This long service means sharp reductions in those big shoe bills, for it is because of worn-out soles that most shoes are discarded. Buy Neolin-soled shoes, not only for yourself, but for the whole family, children included. Also, take your old shoes to the repairman and have them re-bottomed with Neolin Soles.

Remember—Neolin Soles are waterproof, as well as comfortable and long-wearing. They are created by Science to be all that shoes should be, and are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

Easy to Make This Pine Cough Remedy
Thousands of families swear by its prompt results. Inexpensive, and saves about \$2.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine is famous for this purpose. Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain granulated sugar syrup. To make the best pine cough remedy that money can buy, put 2 1/2 ounces of Pinex in a pint bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make a full pint—more than you can buy ready-made for three times the money. It is pure, good and very pleasant—children take it eagerly. You can feel this take hold of a cough or cold in a way that means business. The cough may be hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—infamed membrane—and this Pinex and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment. Pinex is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs. Beware of substitutes. Ask your druggist for "Pinex." Give him the directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

DON'T SEND INCOME TAX CHECKS TO BRANCH OFFICE

Cash payments of income taxes should not be sent by mail or tendered to branch offices of collectors of internal revenue. It is only at his main office that a collector receives cash payments. Cash sent by mail is always at the owner's risk, and if lost or stolen may result in penalties for failure of the payment to reach the collector in or before the due date.

A taxpayer will find it more practical to purchase a money order or draft, or draw his check for the amount of the tax, made payable to B. E. Williamson, collector of internal revenue, Columbus.

The payment should be attached securely to the completed return or to a tentative return and forwarded by mail or messenger to the collector's main office.

The forwarding of income tax payments should not be delayed. Each payment of tax must reach the collector on or before March 15, otherwise the taxpayer will be subject to penalties named in the law.

"Last Christmas my father got 16 boxes of shippers," said the small son of the minister, "and are you the only child who asked the new member of the congregation."

NAMES OF SOLDIERS AND SAILORS POSTED ON BULLETIN BOARDS

The names of Licking county soldiers and sailors in whose honor War Savings Stamps are now being posted upon the courthouse park bulletin boards by "Hoos" The names appear in alphabetical order and the list will grow as new "Bring 'Em Back" clubs are organized.

So far nearly 100 clubs have been formed and many others are being organized. A club should be started for every Licking county man in service, either in this county or overseas.

Anybody may start a club. Obtain application blanks from the W. S. S. chairman (Auto phone 23124), then either pledge yourself to buy or obtain pledges from others for the purchase of 100 W. S. S. (March price, \$4.14). That's all that is necessary, except the application papers must be forwarded to the county committee. Then a letter will go to the soldier or sailor telling what has been done and saving the names of his club. The committee will receive a charter which he will give to the soldier or sailor upon his return home.

The war savings committee desires the address of Thomas Worth, who is in the navy, and also the address of Earl Binder. Clem H. Cole has bought 200 stamps in honor of Mr. Worth and Mr. Binder.

A club is now forming in honor of Alva Gleason, 332 West Church street.

The Sergeant Herman W. Allison club has been completed.

Merrill Montgomery has sent in the application for a charter for the Miller Taafel club with seven signatures for the purchase of 100 W. S. S.

A letter is now on the way to Germany addressed to Sergeant Victor Smith, telling him that Dr. H. J. Davis has bought \$500 worth of W. S. S. in his honor. Dr. and Mrs. Davis have organized four such clubs. Smith was one of the first men to volunteer. He left his position as sub-fireman in the Newark fire department in September, 1917.

Friends of Richard Shaffer, Battery B, 324th regiment, H. F. A., started a "Bring 'Em Back" club in Mr. Shaffer's honor yesterday.

Frank Boylan, M. G. company, 109th infantry, A. P. O. 744, is honored in the organization of a "Bring 'Em Back" club that was started yesterday by one of his friends.

Samuel Oetting, who was a member of the Thousand-Dollar War Savings society last year, has just bought 200 W. S. S. of the 1919 issue and has named two "Bring 'Em Back" clubs in honor of Edward E. Stauch and Sergeant William Vogel, both members of Battery B, 324th field artillery, heavy, A. P. O. 734, American expeditionary forces.

War Savings Stamps pay 4.27% interest. They are tax free and absolutely safe if registered and registration costs nothing. Uncle Sam will refund your money at any time upon 10 days' notice. W. S. S. never go below par. There is no safer, no better investment.
